THIS IS UNEVALUATED INFORMATION FOR THE RESEARCH USE OF TRAINED INTELLIGENCE ANALYSIS 50X1-HUM 1. For the past several months the South China Board has been indulging in the unlawful purchase and sale of foreign exchange at black market rates. The Central (Shanghai) Export-Import Control Board has been extremely hopest in enforcing the exchange regulations which govern import-export transactions and is greatly disturbed over action of the Regional Office and the fact that SCOMO has made no effort to comply with the Central Covernment's regulations concorning the Board. There is now a 30% remittence rate (30% charge for remitting CHC dellars to Canton from Shanghai) between Shanghai and Canton which is one indication that people are interested in getting their CNC dollars to Centon. (Note: The 50X1-HUM present remittance rate from North China to Shanghai is about 20%.) 50X1-HUM 2. 3.
